

### **Lightning Policy:**

At Pippy Park, the safety of our golfers and staff is our top priority. We understand the potential risks associated with lightning strikes and take the matter seriously. Therefore, we would like to inform you of our Lightning Policy.

### **Policy Explanation:**

While we acknowledge the presence of lightning and the potential danger it poses, we must emphasize that Pippy Park does not enforce a specific Lightning Policy. Instead, we rely on the individual judgment and discretion of golfers to determine their course of action during inclement weather, including the presence of lightning in the area.

### **Rationale:**

Our decision not to implement a strict Lightning Policy stems from various factors, including the unpredictable nature of weather events and the diverse preferences and risk tolerances of our players. We believe that golfers are best positioned to assess their personal safety and make informed choices regarding their actions during adverse weather conditions.

### **Individual Responsibility:**

While we do not enforce specific guidelines or protocols for lightning events, we strongly encourage all golfers to prioritize their safety and well-being at all times. This includes staying informed about weather forecasts, monitoring the sky for signs of lightning activity, and seeking shelter immediately if lightning is observed or thunder is heard.

### **Disclaimer:**

It's important to note that Pippy Park assumes no liability or responsibility for any actions taken or decisions made by individual golfers in response to lightning or other weather-related hazards. By choosing to play golf at our facility, golfers acknowledge and accept the inherent risks associated with outdoor activities and agree to exercise caution and judgment in such circumstances.

### **Conclusion:**

While we strive to provide a safe and enjoyable golfing experience for all our patrons, we believe that empowering individuals to make informed decisions regarding their safety during adverse weather conditions is the most prudent approach. We appreciate your understanding and cooperation in this matter and encourage you to reach out to our staff if you have any questions or concerns.
