

**Rain Check Policy:**

Golfers are advised that they should consider the weather forecast prior to checking in for a round of golf. When rain is in the forecast, the golfer is expected to be aware of such conditions and it is their choice to accept the conditions prior to payment for their round.

The Pro Shop understands a cancellation due to adverse weather conditions and there is no penalty for a No Show during inclement weather.

If a golfer is unable to complete their round due to challenging weather conditions, a rain check may be issued based upon the following guidelines.

Played 6 holes or less: 18 Hole Rain Check

Started the 7<sup>th</sup> hole of the round: 9 Hole Rain Check

Played 14 holes or less: 9 Hole Rain Check

Started the 15<sup>th</sup> hole of the round: No Rain Check

Drizzle is not rain, this will occasionally require a judgement call by our staff based on recommendations from the management team.

Rain Checks are not transferrable between golfers.
